

LUNCH TO GO

Single-use packaging was yesterday - sustainable reusable packaging is today!

Avoid polluting single-use packaging and keep serving your staff as well as guests tasty dishes in sustainable reusable packaging despite the strict covid-19 regulations. Prevent waste!

Exemplary calculation: Use of single-use tableware in German companies

Assumption

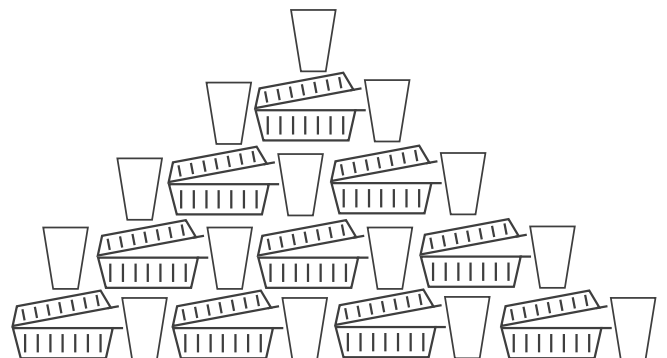

approx. 150 pcs.

per day **per company**
with more than 100
employees and lunch

approx. 2.070.000 pcs.

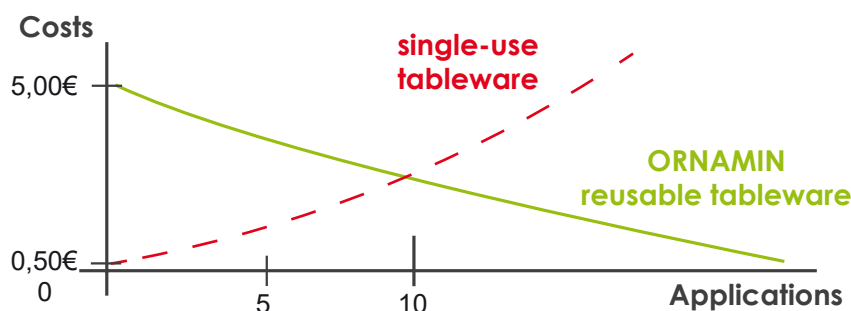

summed for all 13.800¹
companies **in Germany**

approx. 755.555.000 pcs./year = waste

for approx. 13.800 companies

Example of costs: single-use/reusable tableware

Saving of costs already after the **10th application** - **waste prevention** since **first usage**

Discarded bowls are taken back by ORNAMIN and recycled.
