BRING ALONG – STORAGE – SERVE AND PLATE UP

Well prepared with reusable trays

Prepare 2GO food easily, store it safely and serve it quickly – no problem with the high-quality ORNAMIN reusable plastic trays. Meals can be portioned in advance, kept fresh and served immediately when needed. This saves time, ensures smooth operations and keeps guests happy – efficiently and professionally.

Food 2GO – carry in style

Meet your guests' expectations: with reusable tableware, you can serve takeaway meals in style. This way, you reduce packaging waste, emphasise your commitment to quality and offer a contemporary 2GO experience – entirely without single-use packaging.

Catering – style-conscious presentation

Reusable tableware makes all the difference in catering too: with the elegantly designed ORNAMIN bowls, you can present your food attractively, cover leftovers hygienically and easily offer your guests the option to take them away. This reduces waste and ensures a clean and stylish buffet – thoughtfully designed with responsibility in mind from start to finish.
